SUMMARY

- Pursuing MTech in Computer Science and Engineering from Malaviya National Institute of Technology, Jaipur.
- Intern at MediaTek and Former Software Developer at Cognizant (Web Application Development).
- Skilled in Machine Learning (ML) & Full Stack Development and good understanding of object-oriented design, OOPs Concepts and Software Design and Development Principles.

EDUCATION

Master of Technology (M. Tech.) | Computer Science and Engineering | Sep 2020 – May 2022(Expected)

Malaviya National Institute of Technology | Jaipur, Rajasthan | Grade: 8 CGPA

Main Coursework: Machine Learning, Data Mining, Database, Data Structures and Algorithms, Security Engineering

Bachelor of Technology (B. Tech.) | Electrical Engineering | Aug 2013 – Jul 2017

Jaipur Engineering College and Research Centre | Jaipur, Rajasthan

Relevant Coursework: Database, C, C++, Microprocessor

EMPLOYMENT/EXPERIENCE

Associate Engineer (Intern) | Android Device Driver | Oct 2021 – Present

MediaTek | Noida, India

Description: Display Driver, DRM, Hardware Composition

Software Engineer | Full Stack Developer | Apr 2018 – Nov 2020

Cognizant Technology Solutions | Chennai, India

Description: Working in agile environment, responsible for Development, Maintenance and Upgrades of web applications for a top American Insurance company.

Technologies: C#, .NET, ASP.NET, SQL Server, IBM DB2, ADO.NET, MVC, WebAPI (REST), JavaScript

SKILLS/TECHNOLOGIES

Domains: Full Stack Development, Machine Learning (ML), Deep Learning, Natural Language Processing (NLP)

Programming Languages: C/C++, C#, Python

Relational Databases: SQL Server, IBM DB2

Frameworks (Web): .NET Framework, .NET Core, ASP .Net, MVC, WebAPI (REST), Entity Framework

Frameworks & Libraries (Python): Pytorch, TensorFlow, Keras, Numpy, Pandas, Scikit-Learn

Operating Systems: Windows, Linux

Tools & Others: GitHub, Visual Studio, Jupyter Notebook

Soft Skills: Good Analytical and Problem Solving, Strong Verbal and Written Communication, Critical Thinking, Teamwork

CERTIFICATIONS

Deep Learning | One Fourth Labs | Sep 2019
